Dear Nancy,

We just wanted to thank you and Paragon Publishing for managing our 40th anniversary magazine. It looks fantastic!

The magazine has proven to be a great advertising and promotional tool for our sales and service departments. Our customers have commented on how much they have enjoyed reading and learning more about our business through our editorial.

Thank you for the rack you supplied to display our magazines. This is such a professional way to have the magazines available for people to pick up at their convenience.

We really appreciate the professional way in which you dealt with our suppliers. This was so important to us and you proved to be exceptional in this area. Your approach was respectful, friendly and courteous with a 'no pressure' style.

We will definitely contact you for our next big celebration or when we want to update our corporate stories.

Sincerely,

LITTLE RIVER BOATWORLD INC.
